Organic SEO report

Every period ends **Sep 12**, the last full day of Google data. Each number is only compared with its own previous period.

30 days Aug 14 – Sep 12 vs Jul 15 – Aug 13 | **28 days** Aug 16 – Sep 12 vs Jul 19 – Aug 15 | **7 days** Sep 6 – Sep 12 vs Aug 30 – Sep 5

1 Summary

Better: leads from the Google Business Profile more than doubled (24 vs 11), and organic search leads rose to 4, with 3 booked jobs.

Worse: clicks from non-brand searches fell 20% (39 vs 49), and keywords on page 1 dropped from 59 to 33.

Biggest opportunity: the Florence page for "florence pipe break repair", which slipped from position 4 to 15.

Main concern: growth is coming from the brand and the Business Profile, not from new rankings.

Also check: an unconfirmed phone number, (480) 969-7978, is listed on Birdeye and one installer directory.

Search Console numbers include clicks on the Business Profile's website link (27 of the 60 clicks in the last 30 days). Keyword positions come from the website-only data in Search Atlas. Lead sources are the CRM's own labels; no lead records which page it came from.

3 What's working

- **Business Profile:** the #1 lead source (24 leads, 5 booked, $27,590 in 30 days), with 123 reviews at 4.99★.
- **Brand searches:** clicks up 50% (21 vs 14).
- **Last 7 days:** Google clicks jumped to 19 from 6.
- **City pages moving up:** Mesa (position 48 to 39), Tempe (31 to 25), Sun City (34 to 24) and San Tan Valley (33 to 25), likely from the late-August city page updates.

4 What's slipping

- **Page 1 keywords:** down from 59 to 33, which is why non-brand clicks fell.
- **Buckeye:** impressions halved (733 to 360) after the Sep 1 rewrite dropped the "pipe break" wording. That section was added back Sep 15.
- **Florence:** "florence pipe break repair" slipped from #4 to #15. The page mentions "pipe break" only once.
- **Epoxy pipe lining page:** impressions fell from 125 to 14.
- **7 blog pages** got no impressions at all, even though they load fine. They may have dropped out of Google.
- **Business Profile directions:** down 40%, and no new reviews since Jul 5.

5 Quick wins

Page	Search (impressions @ position)	Fix
`/florence/`	florence pipe break repair (96 @15)	Add a "Pipe Break Repair in Florence, AZ" section and FAQ; match the heading to the title.
`/phoenix/`	sewer pipe relining in phoenix (121 @40); page has 1,187 impressions and 0 clicks	Change the heading from just "Phoenix" to "Trenchless Sewer Repair in Phoenix, AZ"; add a short answer near the top and links from popular blog posts.
`/chandler/`	sewer line repair in chandler az (191 @44)	Use that one phrase in the title, heading, description and first paragraph.
`/hydro-jetting/`	hydro jetting phoenix az (65 @74)	Change the heading to "Hydro Jetting Drain Cleaning in Phoenix, AZ"; add Hydro Jetting to the Business Profile.
`/queen-creek/`	sewer line repair queen creek (17 @12)	Change the heading to "Sewer Line Repair in Queen Creek, AZ".

Pages changed Sep 15-16 (Tempe, Mesa, Gilbert, Fountain Hills, Fort McDowell, Maricopa, Litchfield Park, Buckeye) are left alone so their results can be measured.

6 Issues to fix

Severity	Issue	Where	Fix
High	Unconfirmed phone number (480) 969-7978	Birdeye, Ace DuraFlo directory	Ask the owner; correct it to 480-447-5345 if it isn't a tracking line.
High	Chat and form leads arrive without a source or page	TAG CRM (10 "Other" leads in 30 days)	Send the source and landing page with each chat and form.
High	Star rating in the page code (4.9 / 122) isn't shown on the page	33 city pages	Show the real Google rating (4.99 / 123) or remove it from the code. Kim decides.
High	Missing or city-name-only headings	/services/, /phoenix/, /avondale/, /goodyear/, /san-tan-valley/, /sun-city/, /sun-city-west/, /sun-lakes/	Use "Service in City, AZ" headings.
High	Few links to key pages	/mesa/ (8 pages link to it), /phoenix/ (6), /epoxy-pipe-lining/ (5)	Add links from high-traffic blog posts.
High	60 hidden broken links on the homepage	Homepage (OTTO)	Turn off the old OTTO link block. Ask Kim first.
Medium	No commercial or multifamily page	/commercial/ goes to a blog post	Build the page with a real project example.
Medium	Business Profile lists 12 services Pipeliners doesn't offer; Hydro Jetting is missing	Business Profile	Fix the services list and description.

Severity	Issue	Where	Fix
Medium	"Pipeliners USA" used instead of "Pipeliners"	57 titles, 18 headings	Update in OTTO.

480-535-6503 and 480-680-9480 are intentional call-tracking numbers, not errors.

7 Leads

- In the last 30 days, the Business Profile and organic search brought in **28 of 69 leads and 8 of 14 booked jobs**. Google Ads brought in 4 leads and 1 booking.
- Organic search: 4 leads, 3 booked ($17,600). That's a small number, so treat it as a direction, not a trend.
- These are the CRM's source labels, not proof that a specific page or ranking produced a job.

8 Action plan

Top 5

1. **Florence:** add the pipe-break section and FAQ.
2. **Phoenix:** fix the heading and add links from blog posts.
3. **Business Profile:** fix the services list and ask recently booked customers for reviews.
4. **Chandler:** focus the page on "sewer line repair in Chandler, AZ".
5. **CRM:** send the source and page with every chat and form.

9 Final answers

What's helping Pipeliners rank?

The Business Profile and its reviews, brand searches, and city pages that name both the service and the city.

What's holding growth back?

Fewer page 1 keywords, weak headings and links on key pages, no commercial page, and a Business Profile services list that doesn't match the business.

Fastest opportunity?

/florence/ for "florence pipe break repair".

What to do first?

Confirm the (480) 969-7978 listings, then fix the Florence page.

What to watch this week?

The pages changed Sep 15-16, non-brand clicks, page 1 keywords, and CRM leads from organic search and the Business Profile.
