Getting a Google My Business Location

3:12

Alright y'all a quick one today, here are all the ways to get a Google My Business location, one thing to note right off the bat, non-US countries, SUPER easy to get one, you can most likely get one with a local guide account.

If you're a legit business, here are the options...

- Use your office if you have one (obviously)
- Co-working space without a lot of GMBs (check first before signing up)
- Buy one (illegal and can get banned)

If you're a rank and rent, here are the options

Self-explanatory...Hopefully?

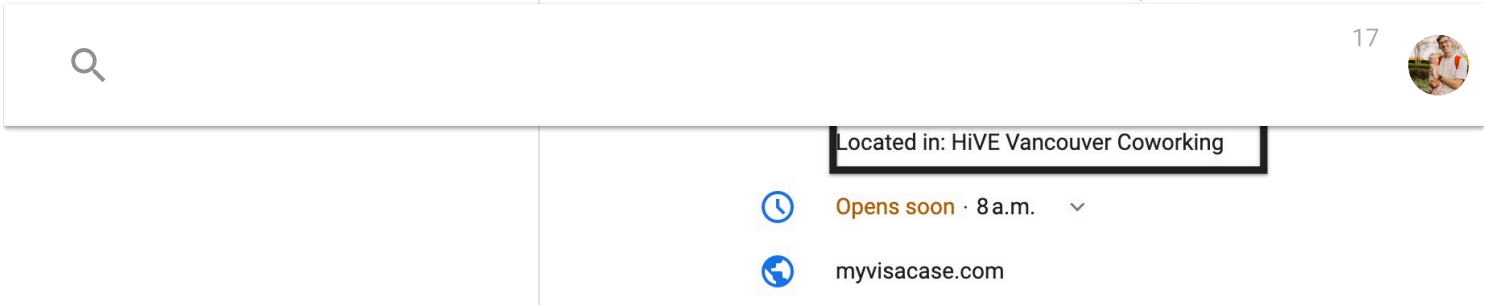

Co-working space without a lot of GMBs (check first before signing up)

Here's how to check, using Vancouver as an example. Find a coworking space, let's take HIVE for example:

Either scroll down to directory, or search the address eg. “128 W Hastings St” to see if other people are registering GMBs there.

GMBs that are registered with a coworking space works very well in very densely populated places.

Buy one (illegal and can get banned)

Okay, I’ve come out and said not to buy one several times, and that’s because I don’t want to get my ass sued. You can 100% buy one and it’ll work, and stick forever, it’s just illegal and Google has sued mfs before.

As always, US locations get banned quicker and more often than Canadian, UK, and AUS ones.

Use your rank and renters location

So you’ve signed up a renter for your rank and rent site, great. They’ve been paying you like $500-1k/mo for organic traffic (non-local). You upsell them, if you let me verify a location at your office, you’ll 10x the traffic.

Assuming they agreed, you need to do something sneaky now.

Let’s say their mailing address is (assuming it’s a detached house)

Name: Indexsy

Address: 128 W Hastings St

Yours will be

Name: Rank and Rent

Address: 128 W Hastings St #10

If it’s a building and their address is…

17

Address: 128 W Hastings St Suite 123

Yours will be:

Name: Rank and Rent

Address: 128 W Hastings St #123

Just note, your address has to be UNIQUE, otherwise Google will lump them together
