NAP Consistency + Map Embeds

7:35

This lesson is all about NAP consistency, let's talk about it.

I've been achieving this via a couple methods...

- Citations (buy this)
- PBNs (buy this)
- Guest Posts (buy this)

Process should be like this...

1. Buy Localrank citations
2. Buy SuperBoost citations in Localrank.so

17

4. Buy guest posts with NAP (for competitive industries)

For MOST industries, 1. and 2. is good enough

Do 1. wait 2 weeks

Do 2. wait 2 weeks

Do 3. wait 2 weeks

Do 4. wait 2 weeks

If you don't get it, keep reading, I'll go over it shortly...

After buying Localrank.so citations, run it through an indexer, without indexing it's USELESS:

Tiering with Kevin's PBN:

So after citations delivery, you tier it with a cheap PBN provider like Kevin's PBN, as well as include your NAP and a map embed.

The above links to the citation AND if you scroll to the bottom,

17

1. Spintax URLs using https://www.blackhatlinks.com/get_spintax_generator.php

2. Keywords will just be your GMB name or KW if you're feeling spicy

3. Order Kevin's PBN here https://3lementalist.wufoo.com/forms/250800-pada-1030-blogposts-email-special/

4. Create schema using https://localrank.so/tools/local-business-schema-generator/ and map embed using GMB share button, and embed map as shown here

5. DM @kevinleeck on Skype asking to add the embed after ever post

Setting up Guest Posts is easy

Just do point 4 above, and reach out to sites that are willing to embed that code onto their site. We already figured out which sites will do it, so just order through us… please, we need to eat..

Monitoring Results

Make sure your stuff is indexed, if it's not indexed, it won't do anything. You can check by googling "site:indexsy.com/citation/", assuming indexsy.com/citation/ is the citation.

Checking performance, use local seo rank trackers, I use https://localrank.so/

Based on performance, if it's not in the snack pack after 4 weeks, you'll need to up the citations and PBNs.

Competitor Check

Here's how to do a competitor check to see how many citations/pbns you'll need.

1. Google your target keyword, eg. physiotherapy east

17

Therapy East Vancouver"

3. The number of results will show how many citations you'll need
